STANDARDS FOR THE AIDED FIELD

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions and by the General Assembly. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the "Manual for National Missions Churches," is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made, including those now in effect. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

A. STANDARDS APPLICABLE TO ALL AIDED CHURCHES

I. A Program for the Year. Church to plan and adopt a program for the year, with specific advance objectives. (A copy is required to be attached to this Application.) II. The Minister. 1. To live on the field he serves. (If he serves more than one church, to live adjacent to that one from which entire parish is most accessible.) 2. To devote entire time to work of his ministry and not to hold any other remunerative position. 3. The church to be a member of the Service Pension Plan. 4. The minister, or other eligible worker, to enter the Service Pension Plan. 5. The Church to agree that whenever it becomes vacant, it will counsel with and abide by the recommendation of the Synod's Committee on National Missions, acting in cooperation with the Presbytery's Committee on National Missions, as to the person to be secured as pastor or stated supply. (In the case of a Specially Designated Presbytery the Presbytery's Committee on National Missions shall have this responsibility.) III. Worship and Pastoral Service. 1. Carefully planned weekly service of worship. 2. Care and improvement of property and grounds. 3. Regular pastoral visitation throughout parish. 4. All-year program of evangelistic cultivation and recruiting. 5. Minister's class preparatory for church membership. 6. ANCHORAGE, ALASKA

September 21, 1941

Dr. Everett B. King 156 Fifth Ave. New York City, N.Y.

Dear Dr. King.

Enclosed is the Application for National Mission Aid. There was quite a bit of discussion before a final action could be had on this. There was considerable differnece of opinion expresses but it was in a good spirit, with no sign of any hard feeling or temper.

11/1/19

I expect you are interested in the amount of aid requested. It is \$540.00 There were three ideas on this: i - The Trustees recommended to the Congregation (against my advice) that the request be raised to \$700.00 - i.e. \$150.00 more than last year - with the idea that they would attempt to match it and raise the pastors salary that much - \$300.00 I told them that I didn't think the Baard would premit the salary to be raised. 2-There be a token reduction of \$10.00 overwhy last year to indicate that the church intends to cooperate with the wishes of the Board but feels that it can not reduce more this year because of the building: thatmmim (the idea being that the church will become self supporting as soon as possible) 3- Ask for the same as last year and pay all possible on the property etc. The discussion was between i & 2.

Please note that the Treasurer has not signed the financial report. Mr. Berry was nat the end of the year. Mr. Wennbloom was elected. He got a job that took him away most of the time and he had to resign. Robert Bragaw was elected and is also out of town now. The enclosed papers will expalin the standing.

Note under "Standards" Page 3. II 5. an exemption is requested. Presbytery operated on a different plan, as you know. The Synod doesn't know anything about the needs here and couldn't make anything except the most general of suggestions.

Note also on page 4- IV 4 - an exemption is requested for week day religious instruction classes. It was thought that it would not be possible to get anyone to attend and no interest was expressed.

We do not know what Class B. standards are. We are willing 1940-ti meter Chamber of Cordially, Golfage to study it if you will send it to us.

STANDARDS FOR THE AIDED FIELD

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions and by the General Assembly. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the "Manual for National Missions Churches," is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made, including those now in effect. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

I. Program for the Year.

The Church has adopted a program for the year which includes the following:

1. Adherence to the standards as set forth in this

application.

2. Every member either present for Communion Sundays or word received from them if it is impossible to attend.
3. An adequate teaching staff maintained throughout the year for the eight classes of the Sunday School.

4. All church programs held quarterly for the ehlivening

of the membership.

II. Exemptions requested:

Week-day religious instruction classes.

There is a definite lack of personell to carry on such a program, and such a lack of interest as to make it unpractical to attempt at this time.

Some form of Adult education.
The adults of the church and community are an arently not sufficiently interested to participate in any form of education program. We have attempted Bible Classes without response.

STANDARDS FOR THE AIDED FIELD

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions in April, 1934, and by the General Assembly in May, 1934. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the Manual for National Missions Churches, is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

FAIRBANKS, ALASKA

October 11, 1939

Board of National Missions of the Presbyterian Church in the U.S.A., 156 Fifth Avenue, New York, N. Y.

Dear Secretary:

My Church is asking for the same amount of Aid for the ensuring year as for the past year without reduction, because we are working hard toward the retirement of our notes for the payment of indebtedness on our Church Building. Dr. Somerndike has been recommending that we be granted time enough to get this matter all cleared up before we be required to assume at least a ten per cent increase each year in the direction of self support. In the past eight years we have reduced our part of the cost of our building project from nearly \$10,000 to about \$1,400. We plan to have this debt entirely met within the next two years.

We earnestly hope that the Board will kindly grant the full amount for which we are hereby applying that we may be encouraged to go on with our best efforts here on the Field.

Yours faithfully,

John E. Houel
Pastor.

CONDITIONS UNDER WHICH AID MAY BE GRANTED

- 1. A survey of field is required once every five years for each field aided. Survey of Field blank may be secured from Executive or from H. N. Morse, Administrative Secretary, 156 Fifth Avenue, New York, N. Y.
- 2. In accordance with the instructions of the General Assembly, the granting of aid is contingent upon the acceptance by the congregation of certain Standards of Program, as described in the Manual for National Missions Churches and summarized on this Application blank.
- 3. By instruction of the General Assembly, aid is not to be granted to a competitive field as defined in the General Assembly action. See Manual, page 13.
- 4. Each aided field, unless definitely exempted from this requirement, is expected to make annual progress toward self-support. See Manual, page 15.
- 5. The Board's grant is made as a part of and as a supplement to a local Budget, duly approved by the congregation and made the basis of its Every Member Canvass. The budget form on page 2 of this blank should be carefully filled out.
- 6. Each church applying for aid should familiarize itself with all of the provisions of the Manual, including the statement of ways in which the Board is prepared to be of service to the congregation and its minister.

MAKE A SEPARATE APPLICATION FOR EACH CHURCH SERVED

TWO copies of each application are required, one for the National Missions Committee and one for the Board. The Church is advised to make an additional copy for its own record.

STANDARDS FOR THE AIDED FIELD

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions in April, 1934, and by the General Assembly in May, 1934. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the Manual for National Missions Churches, is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

STANDARDS FOR THE AIDED FIELD

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions and by the General Assembly. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the "Manual for National Missions Churches," is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made, including those now in effect. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

STANDARDS FOR THE AIDED FIELD

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions and by the General Assembly. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the "Manual for National Missions Churches," is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made, including those now in effect. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

Board of National Missions of the Presbyterian Church in the United States of America

156 Fifth Avenue, New York 10, N.Y.

May 29, 1946

Dear Co-worker:

We are sending you two copies of the Application Forms for assistance from the Board of National Missions toward the salary of our missionaries in the aid receiving churches in Alaska and Yukon Presbyteries. Both of these forms should be completed and sent to the National Missions Chairman who in turn will sign them and forward them to our office. In Alaska Presbytery the Chairman is the Rev. Jackson L. Webster in Wrangell, and in Yukon Presbytery the Rev. N. Harry Champlin in Fairbanks.

We shall ask you to fill in as much information as possible. Certainly a report of finances, the program of the Church contemplated for the coming year, the results of the Every Member Canvass, the amount which the Church can pay toward the support of the missionary (and this amount should be as large as possible), the payment of the Church's portion of the pension, whether or not the salary has been paid for the past year, and any other information which is available.

The Arctic Coast churches are working under a little different program of sending their offerings direct to the office to fill their benevolence quotas and apply the balance on the support of the mission station. All others should proceed with as much responsibility toward their own work as they are able to.

These forms should be completed and returned to the Chairman who will forward them to the office as early as possible.

Cordially yours,

J. Earl Jackman, Secretary Unit of Work in Alaska

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions in April, 1934, and by the General Assembly in May, 1934. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the Manual for National Missions Churches, is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions and by the General Assembly. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the "Manual for National Missions Churches," is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made, including those now in effect. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

#### CONDITIONS UNDER WHICH AID MAY BE GRANTED

- 1. A survey of field is required once every five years for each field aided. Survey of Field blank may be secured from Executive or from H. N. Morse, Administrative Secretary, 156 Fifth Avenue, New York, N. Y.
- 2. In accordance with the instructions of the General Assembly, the granting of aid is contingent upon the acceptance by the congregation of certain Standards of Program, as described in the Manual for National Missions Churches and summarized on this Application blank.
- 3. By instruction of the General Assembly, aid is not to be granted to a competitive field as defined in the General Assembly action. See Manual, page 13.
- 4. Each aided field, unless definitely exempted from this requirement, is expected to make annual progress toward self-support. See Manual, page 15.
- 5. The Board's grant is made as a part of and as a supplement to a local Budget, duly approved by the congregation and made the basis of its Every Member Canvass. The budget form on page 2 of this blank should be carefully filled out.
- 6. Each church applying for aid should familiarize itself with all of the provisions of the Manual, including the statement of ways in which the Board is prepared to be of service to the congregation and its minister.

### MAKE A SEPARATE APPLICATION FOR EACH CHURCH SERVED

TWO copies of each application are required, one for the National Missions Committee and one for the Board. The Church is advised to make an additional copy for its own record.

#### STANDARDS FOR THE AIDED FIELD

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions in April, 1934, and by the General Assembly in May, 1934. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the Manual for National Missions Churches, is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

## Lord, Teach Us to Pray

+

THOU KING eternal, immortal, invisible, Thou only wise God our Saviour; Hasten, we beseech Thee, the coming of Thy kingdom upon earth, and draw the whole world of mankind into willing obedience to Thy blessed reign. Overcome all the enemies of Christ, and bring low every power that is exalted against Him. Cast out all the evil things which cause wars and fightings among us, and let Thy Spirit rule the hearts of men in righteousness and love. Restore the desolations of former days; rejoice the wilderness with beauty; and make glad the city with Thy law. Establish every work that is founded on truth and equity, and fulfil all the good hopes and desires of mankind. Manifest Thy will, Almighty Father, in the brotherhood of man, and bring in universal peace; through the victory of Christ our Lord. Amen.

—THE BOOK OF COMMON WORSHIP.

Rev. Everett B. Ming , D. D. New York , N. Y

Dear Dr. King:

The Church of Metlakatla sends greetings to you, and wishes to extend you a most cordial invitation to visit the Church when you make your Alaskan trip. And may that trip be realized in very near future.

Though the Church can not boast of being the oldest in the Presbytery, nor the strongest, yet its loyalty to Presbyterianism is second to none. To understand the situation as it exists at the present time, one must at least visit the field, and remember that 80 years ago their Forbears were in the darkness of heather ism steeped in various heather rites. The Missionary hopes, with the, people that you will pay that needed visit to Metlakatla.

This Church has the distinction of standing by itsself as no other in the Presbytery does. Situated as it is, on a Government Reservation, the local organization must hold Certificate to all property, and assume the burden of the up-keep of same. The New York Poard cannot hold title to preperty on a Reservation, and so will not invest funds in either purchase price or up-keep of same.

The Board did make a grant to the orginization when the Church building was erected, and again two years ago when themanse was being built. In each case the transaction was a simple grant with no further obligation on the part of the board. The Church erected both buildings, and assumed the entire upkeep of both.

The new manse is just being completed, and some of us are about the heave a sigh of relief, when we look across at the Church roof and find that it needs to be renewed. That will mean an expenditure of \$150.00 for shingles and nails. This responsibility will be the little of this time, because the years fishing much has not nearly so good as in other years.

In building the range, the local burch around reso and ility of furnishing a house for their Pastor, thus releaving the Board of the recurring expenditure of \$240.00 annually for house rent.

#### STANDARDS FOR THE AIDED FIELD

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions and by the General Assembly. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the "Manual for National Missions Churches," is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made, including those now in effect. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

#### STANDARDS FOR THE AIDED FIELD

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions and by the General Assembly. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the "Manual for National Missions Churches," is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made, including those now in effect. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

#### CONDITIONS UNDER WHICH AID MAY BE GRANTED

· A BASS

- 1. A survey of field is required once every five years for each field aided. Survey of Field blank may be secured from Executive or from H. N. Morse, Administrative Secretary, 156 Fifth Avenue, New York, N. Y.
- 2. In accordance with the instructions of the General Assembly, the granting of aid is contingent upon the acceptance by the congregation of certain Standards of Program, as described in the Manual for National Missions Churches and summarized on this Application blank.
- 3. By instruction of the General Assembly, aid is not to be granted to a competitive field as defined in the General Assembly action. See Manual, page 13.
- 4. Each aided field, unless definitely exempted from this requirement, is expected to make annual progress toward self-support. See Manual, page 15.
- 5. The Board's grant is made as a part of and as a supplement to a local Budget, duly approved by the congregation and made the basis of its Every Member Canvass. The budget form on page 2 of this blank should be carefully filled out.
- 6. Each church applying for aid should familiarize itself with all of the provisions of the Manual, including the statement of ways in which the Board is prepared to be of service to the congregation and its minister.

### MAKE A SEPARATE APPLICATION FOR EACH CHURCH SERVED

TWO copies of each application are required, one for the National Missions Committee and one for the Board. The Church is advised to make an additional copy for its own record.

#### CONDITIONS UNDER WHICH AID MAY BE GRANTED

- 1. A survey of field is required once every five years for each field aided. Survey of Field blank may be secured from Executive or from H. N. Morse, Administrative Secretary, 156 Fifth Avenue, New York, N. Y.
- 2. In accordance with the instructions of the General Assembly, the granting of aid is contingent upon the acceptance by the congregation of certain Standards of Program, as described in the Manual for National Missions Churches and summarized on this Application blank.
- 3. By instruction of the General Assembly, aid is not to be granted to a competitive field as defined in the General Assembly action. See Manual, page 13.
- 4. Each aided field, unless definitely exempted from this requirement, is expected to make annual progress toward self-support. See Manual, page 15.
- 5. The Board's grant is made as a part of and as a supplement to a local Budget, duly approved by the congregation and made the basis of its Every Member Canvass. The budget form on page 2 of this blank should be carefully filled out.
- 6. Each church applying for aid should familiarize itself with all of the provisions of the Manual, including the statement of ways in which the Board is prepared to be of service to the congregation and its minister.

# MAKE A SEPARATE APPLICATION FOR EACH CHURCH SERVED

TWO copies of each application are required, one for the National Missions Committee and one for the Board. The Church is advised to make an additional copy for its own record.

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions in April, 1934, and by the General Assembly in May, 1934. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the Manual for National Missions Churches, is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions in April, 1934, and by the General Assembly in May, 1934. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the Manual for National Missions Churches, is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

### First Presbyterian Church

Sitka, Alaska

Jackson L. Webster Pastor

Roland B. Wurster Clerk of Session

At their meeting on October 6, 1939, the session adopted the following objectives and program for the year:

#### OBJECTIVES

- 1. Win fifteen adults and twenty five children on confession of faith.
- 2. Increase attendance of town people at services by twenty five percent.
  - 3. Increase S.S. attendance by 10%.
- 4. Make contact with every home in the community for Christ and the church.
  - 5. Begin construction of our new building.
- 6. Exceed our budgets both in Church support and Benevolent giving.

#### PROGRAM

### Worship

We plan to hold four regular services each week throughout the school year: morning and evening Sunday services at the church, two Wednesday evening services, one at the church first, the other an interpreted service at the village chapel.

The morning service has been strengthened during the past year by the addition of recessional, benediction from the rear of the church and choir response from the vestibule.

The Missionery Society is making robes for the choir and we are considering a Genevan gown for the pastor.

### Evangelism

We seek to make most of our services evangelistic, especially in view of the fact that two thirds of an average congregation is of high school age or younger.

We plan to hold a week of special meetings at the vil-

lage chapel in February.

Many new people have come to Sitka during the past year. In November we plan to make a community church census and to win some of these people for Christ and the church.

### Christian Education

The Sunday School became entirely self-supporting last year, receiving no aid from the church. This, in addition to the successful inauguration of the Youth Budget Plan, indicated progress in stewardship among our young people. The school meets as one unit above the Junior Department. Classes are held in different corners of the church auditorium and balcony and in teachers' rooms and homes about the campus.

Church membership classes are held previous to each communion service for six meetings.

Four Sunday evenings in January will be devoted to our school of missions with six or seven classes and programs handled by different groups.

We are now making arrangements for week day Bible classes in the two town schools (Federal and Territorial). Both principals are members of our church and willing to cooperate.

### Organizations

The Womens' Missionary Society has a membership of forty-eight and is growing stronger each year. One interesting aspect of their growth is the number of women from the Greek Orthodox Church who have joined and are proving faithful members.

A Young Married Peoples' Group meets Thursday evening at the manse for choir practice, discussion and a social hour.

Boy Scout Troop 643 for native boys is sponsored by the church and the pastor serves as scoutmaster. Most of the boys this year come from Greek Church families.

We are considering the organization of a Mens'

Club this fall but have not yet reached definite plans.

### Extension

The session allowed the pastor two months leave during the summer for extension work on the Princeton and we are now planning a mission to some of our sister churches in November. If a new missionary has not been sent to Craig and Klawock we will probably go there. Otherwise Angoon and Kake will be our destinations. We will also try to visit Chichigoff, Kimshan Cove, and Elfin Cove, small unchurched communities on the west coast of Chichigof Island.

#### CONDITIONS UNDER WHICH AID MAY BE GRANTED

- 1. A survey of field is required once every five years for each field aided. Survey of Field blank may be secured from Executive or from H. N. Morse, Administrative Secretary, 156 Fifth Avenue, New York, N. Y.
- 2. In accordance with the instructions of the General Assembly, the granting of aid is contingent upon the acceptance by the congregation of certain Standards of Program, as described in the Manual for National Missions Churches and summarized on this Application blank.
- 3. By instruction of the General Assembly, aid is not to be granted to a competitive field as defined in the General Assembly action. See Manual, page 13.
- 4. Each aided field, unless definitely exempted from this requirement, is expected to make annual progress toward self-support. See Manual, page 15.
- 5. The Board's grant is made as a part of and as a supplement to a local Budget, duly approved by the congregation and made the basis of its Every Member Canvass. The budget form on page 2 of this blank should be carefully filled out.
- 6. Each church applying for aid should familiarize itself with all of the provisions of the Manual, including the statement of ways in which the Board is prepared to be of service to the congregation and its minister.

# MAKE A SEPARATE APPLICATION FOR EACH CHURCH SERVED

TWO copies of each application are required, one for the National Missions Committee and one for the Board. The Church is advised to make an additional copy for its own record.

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions and by the General Assembly. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the "Manual for National Missions Churches," is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made, including those now in effect. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

## STANDARDS FOR THE AIDED FIELD

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions and by the General Assembly. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the "Manual for National Missions Churches," is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made, including those now in effect. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

> (The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

## STANDARDS FOR THE AIDED FIELD

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions in April, 1934, and by the General Assembly in May, 1934. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the Manual for National Missions Churches, is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)

Dr. Everett B. King Board of National Missions 156 Fifth Ave.. New York

Dear Dr. King:

Herewith you will find the Application For National Missions Aid for the Presbyterian Church of Wrangell for the year 1939-40.

We regret that this application is not on schedule, but we could not get it ready by Sept 15. We are disappointed that our Canvas did not result in more pledges. The Alaska people have not learned to pledge. The people of Wrangell have made progress, but are far from what we would like to see them. I thought that certain families would make a pledge toward the budget yet they would not commit themselves for a definite sum. Many of our Indian people are so distressed financially on account of the poor fishing season that they would not make a small pledge. You can be certain that we are keeping before our people the subject of Stewardship.

I imagine that the other missionaries are delayed on account of the seasonal occupations, and will soon have the applications prepared to submit.

Sincerely,

Fresell Form

This Church has been attempting to carry a program altogether in conformity with the Standards set forth in this Actional Missions Application; and the standards have been discussed by the Session and adopted by the congregational meeting.

Attended by both the White and Indian people, morning and evening worship, Sunday Bible School, midweek prayermeetings, and children's activities are being conducted the year around.

Plans for the year include the Week Day Bible School both in Wrangell and at Wrangell Institute, the Government Indian School five miles out of town.

The Girl and Boy Scout organizations are functioning with good leadership. We have enrolled the assistance of the public school teachers. This winter we are working for a log cabin to be built just outside the city limits.

The Ladies'Aid (White Women) and the Women's Missionary Society (Indian Women) are active and are carrying forward standard programs. The two groups are raising funds with which to complete the furnishing of the church with pews as a 60th Anniversary Memorial.

The Church is marked with the lighted "Neon Cross" which can be seen seven miles as a beacon to the ships heading toward Wrangell harbor. It is visible from two directions. Lighting the Cross has been a special object in giving.

Our Church is participating in the "World Wide Communion" as we did in former years. We have found this observance of the Sacrament of the Lord's Supper a real spiritual inspiration, and we note that members of other churches are observing the Day:

The Sunday School is making its benevolence contributions through the church treasurer as a part of the church benevolent quota. The Women's Society benevolences made through the Presbyterial have not been considered as in our quota. Along with the gifts of money our women are sending contributions of salmon, gruit, and furnishings to Haines House and Sheldon Jackson School.

The Ladies' Aid is participating in the Community support of the Hospital which is known as a Community Hospital given mission support by the Episcopal Church.

We are doing some welfare work through the local Red Cross Chapter and the Public Health Council. This winter we are faced with the necessity of greater efforts along that line. Alaskans will be meeting the calls for assistance because the majority of the fishermen did not make a reasonable sum during the fishing season.

Leadership Training stands before us as a special challenge. We plan that preparation through three groups: The Young Peoples' Conference at Sitka where we had three enrolled, meetings of the Sunday School officers and teachers, and the Friendly Bible Class meeting twice a month on Friday evenings.

Dear Mr. Bromley,

I have enclosed only one application blank because you only sent me two and I need one for our record. If you will kindly send me another blank I shall be glad to fill it out for your files.

I sure hope we will all get to go to Sitka for Presbytery and the Dedication of the Princeton-Hall.

A Miss Niles went through here this morning on her way to Sitka to be the new girls Physical Education Instructor.

P.S. Could not find Mr. Pederson's I last report. If you have I it kindly check figures on front pass of application.

The Board of National Missions Presbyterian Church U.S.A. 156 Fifth Avenue New York City, N. Y.

Dear Sir:

The congregation of the First Presbyterian Church of Wrangell, Alaska in considering and approving the attached application respectfully requests to be exempt from article LV. 4. Week-day religious instruction classes.for the following reasons:

l--Since the local public school does not have a kindergarten department in its program, the Ladies Aid Society of our Church plans to sponsor such a kindergarten to meet in the Sunday School rooms with our regular Primary Teacher as leader.

The kindergarten will be open to all pre-school age children in Wrangell. We feel that such a program will not only be worth while in itself ince some Religious Education will be taught, but it will probably be the cause of starting some children in our regular Sunday School.

2--Week-day religious instruction classes were held here in Wrangell several years past but were abandoned. We do not know why. We will make every effort to reinstate such classes after consultation with other ministers in Wrangell and the Superintendent of Schools.

Since we cannot officially adopt the program at this writing, though we are in favor of it, we wish to be exempt.

Respectfully yours,

. Harry Champlin

Board of National Missions Presbyterian Church U.S.A. 156 Fifth Avenue New York City, N. Y.

Dear Sir:-

The congregation of the First Presbyterian Church of Wrangell, Alaska in considering and approving the attached application blank, adopted the following program for the year; in addition to its present program:

l--An increase in the membership of the Church of 10%.

2--Every member attending atleast one service a week.

3--A worker's conference to be held regularly each month.

4--An Adult Bible class in the Sunday School.

5--Make effort to have the Presbyterian Young People attending Wrangell Institute attend Sunday School in Wrangell. (This in addition to the pastor's weekly class held at the Institute and periodic chapel services.)

6--Since the local school does not have a kindergarten in its program, the Ladies Aid Society of the Church plans to sponsor such a kindergarten to meet in the Sunday School rooms with our regular primary teacher as leader.

Respectfully yours,

N. Harry Champlin

## STANDARDS FOR THE AIDED FIELD

These Standards, prepared in accordance with an instruction of the General Assembly, were approved by the Board of National Missions and by the General Assembly. It is the intention of the General Assembly that the cooperation of the Board shall be extended to a church for the purpose of meeting certain hopeful objectives of Christian service. An opportunity is thus given the aided church to pioneer in the establishment of forward-looking practices in church work.

This specification, condensed from the fuller statement of Standards in the "Manual for National Missions Churches," is to be carefully considered by the congregation and filed as a part of the Application for Aid. The Application will not be accepted otherwise. In column one, check those items now being met. In column two, check those items which will be undertaken during the year for which application is being made, including those now in effect. In column three, check those items from which the church asks to be exempted for this year. A separate statement must be attached as to the reasons for such requested exemptions. On recommendation of the National Missions Committee, exemption may be granted by the Board for one year.

(The paragraph numbers and letters in this form correspond to those in the Manual, Section II, pages 8 to 13, which see for fuller statement of Standards.)
